

# LYMPHDIARAL®

## Drainage-Cream

Homeopathic Remedy

DIN-HM: 80013456

**Medicinal Ingredients:** 1g contains: Conium maculatum (herb) 2X 0.1g, Calendula officinalis (herb) mother tincture 0.02g, Colchicum autumnale (seed) 4X 0.01g, Hydrargyrum bijodatum (Mercurius bijodatus) (Mercurous iodide) 5X 0.001g, Stibium sulfuratum nigrum (Antimony trisulfide) 1X 0.001g.

**Non-Medicinal Ingredients:** Purified water, emulsifying cetostearyl alcohol, petroleum, ethanol, oleyl oleate.

**Packaging and Contents:** Original packs of 20g, 40g and 100g. Not all package sizes are available.

**Class:** Homeopathic remedy.

**Names and Addresses:**

**Canadian Distributor:** PASCOE CANADA, Unit 69 & 70, 40 Vogell Road, Richmond Hill, Ontario, Canada, L4B 3N6

**Manufacturer:** PASCOE pharmazeutische Präparate GmbH, Schiffenberger Weg 55, D-35394 Giessen, Germany.

**Indication:** Homeopathic remedy used to relieve symptoms of swelling and inflammation, such as pain, fever, and swollen lymph nodes due to injury or recurrent conditions such as earaches, tonsillitis, and sinusitis.

**Dose:** Adults and children (1-12): Apply the cream sparingly one to three times daily, first in the lymph node and lymph drainage area (neck, groin), then in the area where you are experiencing symptoms.

**Duration of Use:** Consult a health care practitioner if symptoms persist or worsen.

**Contraindications:** LYMPHDIARAL® Drainage-Cream should not be used during pregnancy and breastfeeding.

**Cautions:** Cetostearyl alcohol may cause local skin irritation (e.g., contact dermatitis).

**Drug Interactions:** None known.

General note: The effect of a homeopathic remedy may be compromised by harmful life-styles and the use of irritative/pleasurable substances.

**Side Effects:** There have been very rare reports of itching skin rashes, which resolve after discontinuation of the ointment. If you experience any side effects not included in this leaflet, please be sure to inform your doctor or pharmacist.

**Note:** Do not use beyond the expiration date indicated on the tube and carton.

**Storage:** Under normal conditions. Store away from children. Expires 3 months after opening.

**Mode of Action:** LYMPHDIARAL® Drainage-Cream has a non-greasy ointment base that ensures optimum transdermal medicinal delivery.

**Date of Information:** May 2014
