Non-Medicinal Ingredients: Purified water, alcohol

Packing and Contents: Original bottles 20 mL, 50 mL, 100 mL of oral drops. Not all package sizes are available.

Class: Homeopathic remedy.

Names and Addresses:

Canadian Distributor: PASCOE CANADA, Unit 69 & 70, 40 Vogell Road, Richmond Hill, Ontario, Canada, L4B 3N6.

Manufacturer: PASCOE pharmazeutische Präparate GmbH, Schiffenberger Weg 55, D-35394 Giessen, Germany.

Indication: Homeopathic remedy used to relieve symptoms of swelling, inflammation and infection, such as pain, fever, and swollen lymph nodes due to recurrent conditions including otitis media, tonsillitis, and sinusitis.

Dose: (chronic) Adults and children 12 years and over: 10-30 drops 1 to 3 times a day. Children (ages 6-11): 5-15 drops 1 to 3 times a day. Children (ages 1-5): 5-10 drops 1 to 3 times a day. Infants (0-11 months): 1-5 drops 1 to 3 times a day; Acute dosing: every 15-60 minutes (up to 12 times a day) or until improvement of symptoms. Then resume general dosing. The drops should be taken diluted in some water.

Duration of Use: Consult a health care practitioner if symptoms persist or worsen.

Contraindications: Hypersensitivity to any of the active ingredients or excipients of this product or to any plants of the daisy family.

Cautions: Contains 40% (V/V) alcohol. A physician should be consulted in the case of discomfort lasting for an extended period of time, shortness of breath, an elevated temperature or a purulent discharge.

In the case of pregnancy and breastfeeding the medicine should only be used after consulting a health care practitioner.

Drug Interactions: None known.

General note: The effect of a homeopathic remedy may be compromised by harmful lifestyles and the use of irritative/pleasurable substances.

Side Effects: In very rare cases hypersensitivity reactions may occur, for example eczema, erythema, urticaria or itching.

General note: Homeopathic remedies may transiently worsen existing symptoms (initial aggravation). If this occurs, stop this medicinal product and consult your health care practitioner.

If you experience any side effects, please make sure to inform your health care practitioner.

Note: The high mother tincture content of LYPHDIARAL® may produce natural clouding or flocculation. If this occurs, briefly shake the bottle before use.

Do not use beyond the expiration date indicated on the container and carton.

Storage: Under normal storage conditions. Store away from children. Close the bottle tightly after use and keep it in a dark place.

Date of Information: July 2014
